(54) SCREEN DISPLAY CONTROLLER

(57)Abstract:

PURPOSE: To make a screen display by prediction based upon the operation history of a user up to now.

CONSTITUTION: An operation pattern history storage part 10 and a learning part 12 structure a process diagram on the basis of the past operation history regarding the screen display. An operation storage part 16 stores an operation procedure which is currently followed. A prediction part 18 predicts operation to possibly be done on the basis of the structured process diagram and operation procedures which are stored in the operation storage part 16 so far.
